 #FOR REAL LIFE HEROES

MC ARMOR®  Miguel Caballero®

## FOR REAL LIFE HEROES

### WE LOOK FORWARD TO YOUR SUCCESS

Our company has helped Law Enforcement officers and civilians accomplish their missions and be safe, we supply more than 52 countries since 1992. Saving lives is what we do.

When you make a purchase with MC Armor - Miguel Caballero, the team standing behind you understands your profession, your industry, and what you need to support your success. Our people come from the industrial/manufacturing world, with backgrounds in engineering, design, ballistics and marketing. You are not only buying a bullet resistant vest, but you have access to the technical support, training and expertise just as if you are part of the MC ARMOR family.

“ This Incredible, incredible piece of equipment... This vest is made by MC Armor – Miguel Caballero, and it has phenomenal stopping power. We shot a 38, the 357 magnum, the 40, and the 9mm.

And its unbelievable how it not only stops every round that we shot through, but the actually trauma that it caused to the ballistic clay behind it was extremely minimal.

I have one, I'm wearing it.. ”

– SG, Javier de La Paz,  
Doral Police Department.

## COMPANY BENEFITS

## NIJ STANDARD

NIJ 0101.06 BALLISTIC STANDARD  
THREAT LEVELS

LEVEL	THREAT	SPEED	WEIGHT
IIA	Cal 9mm FMJ RN	1,225 ft/s - 373 m/s	124gr - 8g
	.40 S&W FMJ	1,155 ft/s - 352 m/s	180gr - 11.7g
II	Cal 9mm FMJ RN	1,305 ft/s - 398 m/s	124gr - 8g
	.357 Magnum JSP	1,430 ft/s - 436 m/s	158gr - 10.2g
III A	.357 SIG FMJ FN	1,470 ft/s - 448 m/s	125gr - 8.1g
	.44 Magnum SJHP	1,430 ft/s - 436 m/s	240gr - 15.6g
III	7.62mm NATO FMJ	2,780 ft/s - 847 m/s	147gr - 9.6g
IV	.30 (30-06) M2 AP	2,880 ft/s - 878 m/s	156gr - 10.8g

The ballistic panels have been certified by the highest quality standard for body armor protection in the world: the United States Department of Justice (N.I.J. 0101.06), through tests performed by the HP White Laboratory.

This garment has been designed with the purpose of protecting the user's life when exposed to ballistic threats. This body armor provides high protection for the most demanding missions.

## TEST PROCEDURES

NIJ Standard 0101.06, established their test procedures and the correct use of the Soft Armor protection, following these minimum requirement

- Impact distance 5m. (IIA, II, IIIA).
- Ballistic clay No.1 surface dimensions: 14 x 61 x 61cm.
- Impact surface temperature (ballistic clay No.1) 15C° - 30 C°.
- Number of impacts performed on each panel: 6 impacts.
- Minimum space required between each shot: 5cm.
- Maximum trauma allowed: 44mm.
- Panels subjected to 10 continuous days of washing cycles.
- Chronographic measurement of projectile velocity.

ALWAYS TESTING WHIT THE BEST

## COMPANY BENEFITS

## MC-ARMOR STANDARD

## TECHNOLOGY

We are always involved in creating amazing and unique products, using high tech materials.

## DESIGN

We offer our customers endless product possibilities through a versatile and functional design.

## INNOVATION

The total of our value promises in quality, design and technology allow us to develop products with a high degree of innovation that ensures the satisfaction of each of our users.

## CERTIFIED QUALITY

Our production is under strict national and international quality controls to ensure optimal user protection.

## WARRANTY

We offer a minimum of 5 years of warranty of the ballistic panels, and 1 year of continuous use of the lining starting from the manufactured date located on the vest label.

## COMPANY BENEFITS

## SURVIVOR'S CLUB

1,000,000+ BALLISTIC VESTS  
100,000+ MOTORCYCLE VESTS  
25,000+ VIP CLIENTS

Our club is dedicated to collecting and communicating the stories of all those users who have survived ballistic threats and accidents with our products. If your armored product is shot in the line of duty and your product is damaged, MC-ARMOR® Miguel Caballero® will replace it free of charge in exchange for your testimony.
